

# Marshall / Podersky Cup

## Covid Instructions

### April 2021

#### Marshall Cup

Well ladies welcome back to golf! I am very happy to let you know that after a COVID-19 hiatus, Marshall Cup play returns in the 2021 season with some modifications due to Covid protocols.

- There will be NO meet and greet and **NO food** provided prior to play.
- We are asked to show up to our tee times no earlier than 20 minutes prior.
- Your scorecards will be carefully put together with sanitized hands 72 hours prior to the event and placed in plastic bags for your safety.

Now the exciting part!

- Marshall Cup (MC) is an interclub match play competition organized by the Edmonton Golf Association (EGA), first played in 1932.
- You must have a registered handicap with Golf Canada in order to play in this event.
- It is an opportunity to visit and play at different courses around the city and host other clubs at our course.
- A maximum 36 handicap (HC) is allowed for stroke calculation but that does not mean that if your HC is above 36 you cannot play, you just receive a 36 HC.
- MC is played as single match play, in twosomes from each club with the visiting low handicap player teeing off first.
- Each club has two teams of four players: - two A team players play at home and two away - two B team players play at home and two away. This means I require 8 players each MC day.
- Players are placed on teams based on their handicap indexes. Team A players must have lower handicaps than Team B players.
- Games are played 3 Mondays and 1 Sunday (to allow times for Business Ladies)
- Please sign up for all or any times or days you are available to play
- Provide your most recent HC
- Priority will be given to players who are willing to play at home **AND** away

Match play is played hole per hole, one player either wins the hole and gets 1 point or the hole is tied, and each player gets ½ point. The nice thing about match play if you have a blow-up hole, no big deal you lose the hole and hope for a better hole next time.

I hope you will challenge yourselves and sign up for an opportunity to play in this event.

**Dates and locations:**

**1. Monday May 17, 10 am tee time**

**Mill Woods Hosts:** Jagare Ridge (A team) and Edmonton Petroleum Club (EPC) (B team)

Cell #: 780-991-2543

- List days you are available
- Any preferences
- Your email and contact phone number (preferably cell ...allows for texts)
- Your handicap

**First game is just over a month away!!**

**Podersky Cup**

Hello Ladies,

My name is Berni Krumm and I am your Podersky Cup Representative.

My email is [krumm@telus.net](mailto:krumm@telus.net) and my cell # 780-940-5949.

I look forward to seeing you all at the course. Call or email with any questions

The Podersky Cup will go ahead without the meet and greet. But of course you can social distance outdoor visit.

Normally at the Spring Meeting I would speak to all of this but instead request you read the information and as a higher handicapped Golfer you will decide to participate in a friendly interclub competition.

PLEASE NOTE YOU MUST HAVE AN ESTABLISHED HANDICAP

### **Podersky Cup Format**

1. Played on four Thursdays prior to the Ladies tournament.
2. Registration is at 9:45 AM, with tee-off at 10:00 AM.
3. Played as a 2-ball foursome – a match in which a team of 2 plays another team of 2; each side playing 1 ball with alternate shots.
4. Each club has four teams of 2 players: 2 teams play at home, 2 teams play away.
5. In the event a player belongs to more than one club, she must declare at the beginning of the season which club she will represent and compete for throughout the season.
6. The 2 players on a team must have a combined minimum handicap index of 30.0. There is no combined maximum since this tournament encourages higher handicap players to participate.
7. Individual maximum converted handicap for a player will be 40.

\*I will provide the full rules to all players.

Please provide your name, cell phone and email address on the top of the form.

Just hit forward and type my email address in the send to, then type your name and handicap beneath the dates you would like to participate.

Preference will be given by a draw for the away games to members that are also willing to host.

The first game is just a month away.

**WEEK ONE MAY 13, 2021**

Team A Hosts Sturgeon

Team A Visits Highlands

Team B Hosts Windermere

Team B Visits Jagare Ridge

**WEEK TWO JUNE 3, 2021**

Team A Hosts Victoria

**WEEK THREE JUNE 24, 2021**

Team A Hosts Broadmoor

Team A Visits Riverside

Team B Hosts Jagare Ridge

Team B Visits Windermere

**WEEK FOUR JULY 15, 2021**

Team A Hosts Belvedere

Team A Visits Mayfair

Team B Hosts Glendale

Team B Visits Victoria

**History of the Podersky Cup**

The trophy, known as the Podersky Cup is the Fred Podersky Memorial Trophy, Ladies' Two-Ball Handicap Inter-Club Challenge. The trophy was donated in 1948 by the Louis Podersky Family in memory of their son, Fred, who died at the age of 27. Since he had been an ardent golfer, the family decided that a golf trophy would be an appropriate memorial. The Podersky Cup originally was played for as designated on the trophy—a two-ball handicap inter-club challenge. It was first played for in 1948. The first winners of the cup were Lou Hooson and Jean Robbie from Highlands who successfully challenged a team from Municipal and retained the cup at the end of the year. From 1948 to 1955 the cup was played for as a challenge cup. In 1956 the format changed to a two-ball handicap inter-club team competition similar to that used today. The new format involved more players and presented a greater opportunity for encouraging sociability among the clubs. The competition was set up to provide the higher handicap golfer with a chance to compete, since the combined handicap of each team had to be 30 or more. The first winner under this changed format was Mayfair in 1956. The Podersky Cup competition has continued in essentially the same form to the present. A few more rules have been added and others defined. In 1962 with more clubs entering, the draw was changed so that each club visited two other clubs each day of the draw. In 1964 the scoring system was changed to the present form. Throughout its past history the Podersky Cup not only has presented a golfing challenge, but also, has stimulated good-will and fellowship among Edmonton area lady golfers.
